Re: Compliance Evaluation Inspection  
Public Water System: Vero Beach City of Florida  
PWS ID Number: FL3310206

Dear Mayor Brackett:

This letter is to acknowledge the City of Vero Beach's response to the Inspection Report transmitted to you on September 20, 2021 regarding the inspection of your drinking water system by the U.S. Environmental Protection Agency on July 20-21, 2021. We have reviewed the responses and appreciate your efforts in addressing the concerns and your commitment to providing clean and safe drinking water.

The EPA has spoken with the Florida Department of Environmental Protection (FDEP) regarding the additional work that still needs to be completed. Moving forward, progress on the remaining work will be reviewed by FDEP. The EPA will continue to inquire as to the status during future communications with the state. Thank you again for your response and actions to address our concerns.

I would like to thank you and your staff for their continued cooperation and assistance during the inspection. If you have specific questions, please contact Mr. Arturo Arzón at [Arzon.Arturo@epa.gov](mailto:Arzon.Arturo@epa.gov) or at (404) 562-9276.

Sincerely,

Bryan Myers, J.D., Chief  
Drinking Water Enforcement Section  
Water Enforcement Branch
